Re: *Algonquin Gas Transmission, LLC* – AIM Project
Docket No. CP14-96-000, Notice of Commencement of Service

Dear Ms. Bose,

On March 3, 2015, the Federal Energy Regulatory Commission (“Commission”) issued an order in the above-referenced docket authorizing Algonquin Gas Transmission, LLC (“Algonquin”) to construct, own, operate, and maintain the Algonquin Incremental Market Project (“AIM Project”).¹

Algonquin previously received authorization to place certain AIM Project facilities into service that have been utilized to provide 245,000 Dth/d of incremental firm transportation service, out of the total AIM Project capacity of 342,000 Dth/d. Algonquin received authorization on December 30, 2016 from the Commission to place the remaining AIM Project facilities into service. Pursuant to Section 157.20(c)(2) of the Commission’s regulations,² Algonquin hereby provides notice that service commenced on the authorized AIM Project facilities on January 7, 2017.

Should you have any questions, please contact me at 713.627.5113.

Sincerely,

Chris Harvey
